J.D. Smith Jess McLean Mitch McLean

"Receiving this policy was just like getting a cheque for \$9,500." said Mitch McLean (pictured here with J.D. Smith) of Seguin Welding & Fabricating in Parry Sound, Ontario. "We were delighted to be the first company to receive a policy from the CWB/JDS program...

Our premium had already gone up over 30% in the last 2 years and we had no claims. The quote came back over \$9,500 less than last year's price. It also included increasing our building and contents by \$150,000 and 8 other coverages we did not have. We were delighted and coverage was taken the same day".
